

Kaput[®]

GROUND SQUIRREL BAIT

This product may only be used within 100 feet of buildings to control California Ground Squirrels

KILLS CALIFORNIA GROUND SQUIRRELS AND THEIR FLEAS

NET WT. 25 LBS. (11.3 kg)

EPA Reg. No. 72500-24

EPA Est. 72500-CO-1

ACTIVE INGREDIENTS:

Diphacinone(CAS No. 82-66-6).....	0.0025%
Imidacloprid (CAS Number 138261-41-3)	0.0250%
OTHER INGREDIENTS	<u>99.9725%</u>
TOTAL	100.0000%

KEEP OUT OF REACH OF CHILDREN
CAUTION
HARMFUL IF SWALLOWED.
SEE BACK PANEL FOR FIRST AID AND ADDITIONAL PRECAUTIONARY STATEMENTS.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions. Use only for sites, pests and application methods described on this label.

IMPORTANT: Do not expose children, pets or other domestic animals to rodenticides. To help prevent accidents:

1. Store product not in use in a location out of reach of children, pets and other animals.
2. Apply this product in secured, tamper-resistant bait stations. These stations must be resistant to destruction by dogs and by children under six years of age, and must be constructed and used in ways which prevent such children from reaching into bait compartments and obtaining bait. Stations must be secured so that they cannot be overturned by young children, pets, or winds. Stations used in areas open to livestock and/or non-target wildlife must be secured so that the units cannot be readily overturned by any non-target animals that have access to them.
3. Dispose of product container, unused, spoiled or unconsumed bait as specified on this label.

Use Restrictions: This product may only be used to control California ground squirrels (*Spermophilus beecheyi*) around buildings (including areas such as yards and flower gardens) in secured, tamper-resistant bait stations. The insecticide in this product may act systemically to aid in the reduction of fleas that infest California ground squirrels. The types of fleas that might be controlled include, but are not necessarily limited to, *Oropsylla montana* and *Hoplopsyllus anomalous*. Use only for the sites, pests and application methods described on this label. Do not broadcast this product. Do not sell this product in individual containers holding less than 4 pounds of bait.

Application Directions: Secure bait stations at locations where they will be readily accessible to California ground squirrels, preferably near active burrows. Secure stations 20 to 100 feet apart, depending upon density of the population. Wear waterproof gloves and use a long handled scooping device to transfer bait from the container to the station. Use 2 to 4 pounds of bait per station. Check bait stations frequently to insure that an uninterrupted supply of bait is always available for at least 15 days, or until there no longer are any signs of feeding.

Post-Application Directions: Wearing waterproof gloves, collect and bury dead rodents. Dispose of leftover bait according to "Pesticide Disposal". With detergent and hot water, wash all implements used for applying bait. Do not use these implements for mixing, holding, or transferring foods or feed.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in original container in a cool, dry place inaccessible to children and pets.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **Container Handling:** Non-Refillable Container; do not reuse or refill this container. Offer for recycling or reconditioning; or puncture and dispose of in a sanitary landfill; or by incineration.

Lot Number: *See Container Lid*

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes. Keep away from children, domestic animals and pets.

Personal Protective Equipment (PPE)

All handlers (including applicators) must wear long-sleeved shirt, long pants, shoes, socks, and waterproof gloves. Any person who retrieves carcasses or unused bait following application of this product must wear waterproof gloves.

User Safety Requirements

Follow manufacturer's instruction for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash hands thoroughly after applying bait and before eating, drinking, chewing gum, using tobacco or using the toilet and change into clean clothing.

FIRST AID

HAVE LABEL WHEN OBTAINING TREATMENT ADVICE

If Swallowed

- Call a poison control center, or doctor, or **1-800-222-1222** immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.

If in Eyes

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center, or doctor, or **1-800-222-1222** immediately for treatment advice.

TREATMENT FOR PET POISONING

If animal eats bait, call veterinarian at once.

NOTE TO PHYSICIAN OR VETERINARIAN

Contains the anticoagulant Diphacinone. If swallowed, this material may reduce the clotting ability of the blood and cause bleeding. If ingested, administer Vitamin K1, intramuscularly or orally. Repeat as necessary based on monitoring of prothrombin times.

ENVIRONMENTAL HAZARDS

This product is highly toxic to mammals and birds. Dogs, cats and other predatory and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten this bait. Do not apply this product directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash water or rinsate.

ENDANGERED SPECIES CONSIDERATION NOTICE

It is a Federal offense to use any pesticide in a manner that results in death of an endangered species. Use of this product may pose a hazard to endangered or threatened species. Before applying this product, applicators must obtain information regarding the occurrence of endangered species and use limitations for this product. You may call EPA's "Endangered Species Hotline" at 1-800-447-3813 to obtain an "Interim Measures" pamphlet for your county. You may also consult your local agricultural extension office or state pesticide lead agency to determine if there are any requirements for use of this product.

In California, obtain a copy of the Interim Measures Bulletin for your county from the County Commissioner's office or from the following Internet site:

<http://www.cdpr.ca.gov/docs/es/index.htm>.

Where necessary to protect endangered kangaroo rats, use in tamper-resistant bait stations developed for this purpose in association with the California Department of Food and Agriculture and the California Department of Fish and Game. A publication on those stations is available at the website indicated above.

WARRANTY

To the extent consistent with applicable law, Manufacturer and Seller make no warranty, express or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use/handling is contrary to label instructions.
